

A Tool for Pastors and Church Leaders

Text, Email, Call, Organize, Engage, Automate your Church

PastorsLine has totally changed not only my workflow, but it's taken our 'personal' factor up to 10x! Just with our welcome process, we have gone from a 40% READ rate to a 40% CONVERSION rate. That's just crazy! So thanks :)

~ Tommy Carreras , Group Director

PastorsLine Techies Do The Hard Work, So You Don't Have To!

Do you need to:

- Connect, capture, communicate and convert first-time guests with automated workflows?
- Send emergency alerts, news updates, and small groups messages?
- Engage your members through contests, surveys, and polls?
- Increase event attendance with on-time, automated reminders?
- Go beyond text with automated voice broadcasts and email messages?
- Spend less time with tech, so you have more time to grow your ministry?
- Integrate with other apps you are already using like Breeze, Elvanto, Mailchimp, Planning Center, Pushpay/CCB?
- Create 'set them and forget them', evergreen campaigns for events and occasions (Easter, Christmas, etc.)?

PastorsLine has got you covered!

Since, people worship on their phones anyway, you might as well meet them there.

Recent statistics showed that:

- 53% of people polled used their smartphones to access the Bible.
- 54% of Christian millennials explored faith and spirituality via online videos.

Today, 85% of Americans own a smartphone. Chances are, these numbers have increased.

The personal and almost immediate assistance at PastorsLine is so great! We feel valued and important! We love that it is church-based!!! Jason and the team at PastorsLine are always ready to help, make this better, and they also welcome feedback.

~ Richie Halversen, Pastor at College Drive Church

PastorsLine has been a fantastic tool that’s enhanced communication with our church family. As with any tool, the secret is in learning how to use it effectively. I’ve been most excited when I see my church members telling their very own unchurched friends to text “PRAY” to our PastorsLine number and have them join our prayer sessions

PastorsLine is a huge answer to something we've been looking for. I was able to send a template with a field merge by scheduling it.

It's honestly the best feature we have utilized. Being able to give one phone number for voice and text simplified for our process.
